RE: Permit # ACT 015-032
Genwal Coal Company

Dear Mr. Haddock:

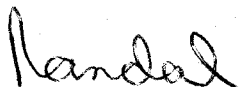

In accordance with our mining and reclamation program, Genwal Coal Company entered into a joint raptor nest survey with Bill Bates (Utah Division of Wildlife Resources) and Pacificorp of Huntington, Utah. This aerial survey was conducted and completed the end of May or first of June, 1991.

On October 7, 1991, I received the enclosed report from Val Payne of Pacificorp with the results of the survey. This report and information will be inserted into Genwal's 1991 yearly report which will be submitted to the Division.

Should you have any questions or need additional information, please contact me at 687-9813.

Sincerely,

GENWAL COAL COMPANY
